# perfsONAR

perfsONAR

Network measurement toolkit

analysing:

- Bandwidth
- Latency
- Packet loss
- Traceroute

perfs--NAR

<http://psonar-cr2.rdf.ac.uk>

<http://psonar-cr3.rdf.ac.uk>

<http://psonar-cr3-core.rdf.ac.uk>

perfsONAR

Simple to install

- Provided as modified version of CentOS
- Should be within capability of Linux users (or PhD students..)
- Low end hardware requirements
- Happy to advise

perfs-SONAR

Caveat

Please inform your network team!

perfs-SONAR

## Aims

- Once we have a number of nodes we can create a “meshconfig”
- UK HPC Dashboard a possibility
