

# INTERTWinE project

- This training course is given in association with the H2020 funded FETHPC project INTERTWinE
- Focused on improving interoperability between programming APIs, including MPI, GASPI and OpenMP
- Find out more and sign up for the project newsletter at:

[www.intertwine-project.eu](http://www.intertwine-project.eu)

- Follow the project on Twitter:

[@intertwine\\_eu](https://twitter.com/intertwine_eu)
